

Product Care & Maintenance

C A M B R I A[®]

Maintaining Cambria[®] Product is easy. Simply wash with a soft cotton cloth and warm water; use a mild soap if desired.

Do not expose, in use or otherwise, Cambria Product to abrasive, strong alkaline, acid, free radicals, oxidizers or cleaners of the like (whether high, neutral, or low pH). Various chemicals are corrosive and/or erosive in their ability to attack any surface, including Cambria Product. Be very aware of these potential damages to its surface.

Cambria is not heat proof, chemical proof, or fracture proof in any form. Be aware of damaging exposure to these potentially damaging acts.

Do not use or expose Cambria Product to certain cleaning products, including, but not limited to, bleach, oven cleaners, Comet[®], Soft Scrub[®], S.O.S.[®] pads, products with pumice, batteries, paint removers, furniture strippers, tarnish or silver cleaners, or the like. Do not use abrasive or harsh scrub pads. Do not apply any sealers, penetrants or topical treatments to Cambria Product under any circumstances. Such products will wear off and cause the gloss to appear dull or inconsistent. Contact Cambria for further information by calling 1-866-CAMBRIA or visiting our website at CambriaUSA.com.

1. Cambria Product is created from pure natural quartz stone. Variation in natural quartz stone color, pattern, size, shape, and shade are unique and inherent characteristics of this product.
2. Color blotches are intentionally included in many designs to enhance the Product's natural beauty. Samples are small select cuts from a larger slab and may not fully exhibit all the design characteristics of the final installed product. These variations do not affect performance and do not qualify for product replacement.
3. Cambria is durable and resistant to surface damage. However, all stone can be damaged by force and no stone is chip proof. Objects hitting edges, particularly at sinks or dishwashers, may cause chips. Though a minor knife slip will dull the knife and not harm Cambria Product, no stone surface is scratch proof. Surface markings are more visible on monotone designs than multi-colored design surfaces.
4. Cambria Product is not a seamless product; seams are visible. Where there are seams changes in the product pattern and shade will be visible.
5. Natural stone surfaces can be damaged by sudden and/or rapid change of temperature, especially near the edges, as well as direct and/or sustained heating of the top. Cambria Product may not withstand the direct transfer of heat from pots and pans and other cooking units such as electric frying pans and griddles, slow cookers, roaster ovens, and heat lamps. Therefore, the use of a closed-weave hot pad or solid trivet, like a bread board, is always recommended to prevent heating the product.
6. Cambria Product is not a structural support material and must be supported in every application. 2cm and 3cm thicknesses are for countertops and other horizontal surfaces; 1cm thickness is for vertical surface finishes such as walls, tub and shower surrounds.
7. Cambria Matte[™] finish will show surface markings caused during normal use, which are easily removed with an all-purpose cleaner such as concentrated Simple Green[®] cleaner. Semi-polished and Cambria Matte[™] finishes do not shine, and may soil and/or appear to stain from soiling, especially when used in heavy traffic areas such as flooring.
8. Installation of Cambria Product requires walls and cabinets to be properly prepared for installation, which includes, but is not limited to, structurally sound, straight, level and square walls and cabinets. Lack of proper preparation may cause poor installation and poor seam fit or inconsistent countertop overhang and placement.

Thank you for your purchase of Cambria.

Approved Cleaners Statement

Thank you for your request for additional information regarding the care of your Cambria. Maintaining your Cambria is easy. Simply wash with a soft cotton cloth and warm water, use a mild soap if desired. If you have dried spills and desire to use a cleaner, Cambria recommends you use one of the following products:

Arm & Hammer Clean Shower	Lysol IC
Clorox Anywhere (Hard Surfaces)	Lysol Sanitizing Wipes
Clorox Disinfecting Kitchen Cleaner	Method – Go Naked Wipes
Clorox Wipes Bleach Free Lemon Fresh	Simple Green D Pro 3 Cleaner
EcoPure EP64 Neutral pH Multi-Use Cleaner	Simple Green Extreme Clean
EcoPure EP67 Heavy Duty Industrial	Simple Green Lemon Fresh
Formula 409 Orange Power Daily Kitchen Cleaner	Windex
Goo Gone	Windex Multi-Surface Cleaner with Vinegar
Lysol Disinfecting Wipes	Windex Lime Action Multi Surface
Lysol Antibacterial Kitchen Cleaner with Citrus Scent	Denatured/Isopropyl (rubbing) alcohol
Lysol Island Breeze Disinfectant	Saniten N-313
Lysol Food Surface Sanitizer	

Please avoid selecting a variation of the product listed above, as most brands have multiple variations of product types; some variations may include chemicals or additives that could damage your Cambria. See page 2 for a list of additional cleaners and soaps that are available for use with your Cambria Product.

Additional information:

Desert collection colors may require more frequent attention from finger prints or other spills; Simple Green D Pro 3 and/or denatured/isopropyl (rubbing) alcohol work very well in this situation.

DO NOT use abrasive or strong alkaline or acid (high or low pH) cleaners. DO NOT use or expose Cambria to bleach, oven cleaners, Comet[®], Soft Scrub[®], SOS[®], products with pumice, batteries, paint removers, furniture strippers, tarnish or silver cleaners. DO NOT use abrasive or harsh scrub pads. DO NOT apply any sealers, penetrants or topical treatments to Cambria under any circumstances. Such products will wear off and cause the gloss to appear dull or inconsistent. Contact Cambria for further information by calling 1-866-Cambria or visiting our website at CambriaUSA.com.

We appreciate you being a Cambria customer and look forward to helping you in the future. If you have any additional questions, please visit CambriaUSA.com, or call toll free to speak to one of our Cambria Customer Care representatives at 1-866-CAMBRIA (226-2742).
